

The New Generation
For their knowledge from ancient Chinese medicine, combined with our cutting-edge DNA science, and modern gene technology, the first generation of children born about Chinese language and literature, using the communication and language learning methods.

Traditional Chinese culture is deep and rich. It can only be fully comprehended when children are immersed in the traditional cultural context and learning. They are used to reading the Chinese text from an early age. The children may not be able to write, but they can understand the meaning of the text through the context. They can absorb the ancient Chinese knowledge, attitudes and values from early.

Using their own skills, they learn to help their own lives.

Her Journey Through Time: The Classics Left by The Confucians
On their way of time, the children realize in complete the final realization, learning in their own way because of our school and begin their journey through ancient China. The children represent the hope of ancient times and traditions, as well as the inheritance of respecting teachers and families.
