

# Download Shoutcast Server 1.9.8 Linux Software

192.168.1.185:8000/admin.cgi?mode=sources

## SHOUTcast Server Source Connection Details

Jptime: 36 minutes 30 seconds

SHOUTcast Server v2.4.7.256/armv6(rpi)

[Help](#) | [Documentation](#) | [Bandwidth Usage](#) | [Log \(Tailing | Save\)](#) | [Summary](#) | [Ban List](#) | [Reserved List](#) | [User Agent List](#) | [Logout](#)

Sources are only able to connect on the configured streams shown

Information	Stream #1	Stream #2	Stream #3	Stream #4
<p>Here are the login details to enter in your chosen source software so it can then be used to connect to the server.</p> <p><b>Note:</b> Names of options in the source software may vary from those shown.</p> <p>* This may not be correct and is a best guess from the current connection.</p> <p>The 'Legacy Password' is for use with legacy sources (which are sources that are not able to directly specify the desired stream number).</p> <p>This allows for use of any SHOUTcast compatible source on any of the currently configured streams.</p> <p>If connecting a legacy source to stream #1, the 'Password' value can be used.</p> <p>The example JSON-P response uses callback=func which can be changed to a custom value as required for usage.</p> <p>For further information on connecting sources to the server, as well as ensuring that all of the required ports have been opened, see <a href="#">this wiki page</a>.</p>	<p>Stream ID: 1 Server Address: 192.168.1.185 (*) Source Port: 8000 Password: XXXXXXX 11 Max Bitrate Allowed: Unlimited Protocol Mode: v2, v1</p> <p>Listen: PLS M3U ASX XSPF QTL</p> <p>Played History: XML JSON JSON-P</p> <p>Stream Statistics: XML JSON JSON-P</p>	<p>Stream ID: 2 Server Address: 192.168.1.185 (*) Source Port: 8000 Password: XXXXXXX 12 Legacy Password: XXXXXXX12:#2 Max Bitrate Allowed: Unlimited Protocol Mode: v2, v1</p> <p>Listen: PLS M3U ASX XSPF QTL</p> <p>Played History: XML JSON JSON-P</p> <p>Stream Statistics: XML JSON JSON-P</p>	<p>Stream ID: 3 Server Address: 192.168.1.185 (*) Source Port: 8000 Password: XXXXXXX 13 Legacy Password: XXXXXXX13:#3 Max Bitrate Allowed: Unlimited Protocol Mode: v2, v1</p> <p>Listen: PLS M3U ASX XSPF QTL</p> <p>Played History: XML JSON JSON-P</p> <p>Stream Statistics: XML JSON JSON-P</p>	<p>Stream ID: 4 Server Address: 192.168.1.185 (*) Source Port: 8000 Password: XXXXXXX14 Legacy Password: XXXXXXX14:#4 Max Bitrate Allowed: Unlimited Protocol Mode: v2, v1</p> <p>Listen: PLS M3U ASX XSPF QTL</p> <p>Played History: XML JSON JSON-P</p> <p>Stream Statistics: XML JSON JSON-P</p>
