---

It was released in Europe on May 18, 2003, and in North America on July 2, 2003. While the series takes place in a shared universe, Xenosaga Episode III is considered a spinoff game by the developers. Contents Gameplay Like Xenosaga I and II, Xenosaga Episode III uses a third-person view and turns-based battle system. The player's character is given free roaming in most areas, with a large number of side quests. Unlike its predecessors, Xenosaga III adds a dialogue-based exploration system, which is seen in much of the previous game, but is mostly absent. The main plot revolves around the player's role in a grand cosmic conflict. As in Xenosaga I and II, some parts of Xenosaga III are free-roaming sandbox games. Story In the year 5039, the year of the discovery of the Planet

---

Reach, mankind unites the scattered remnants of the human race on the planet of Europa, where they prepare to launch the first expedition to travel to the stars. A rival interstellar civilization called the Zohar, having presumably been chasing after the same discovery of the Planet Reach, arrive on Europa and begin a long war against mankind. In the aftermath of the launch, the Shikadi, a species of megafauna resembling lions, makes a major offensive against mankind to plunder its new colony. In this conflict, a female member of the Shikadi is killed by the head of the security forces, Koyoko. The devastated Koyoko, in mourning, commits suicide, causing the colony to be cut off from the rest of mankind. This sparks the First Interstellar War. Dynasty Warriors: Gundam X and

earlier versions of Dynasty Warriors 2 Most of the games' music is performed by a variety of voice actors, including Kenneth James, Ryuji Nakamura, Yoko Taro, Katsuji Mori, Kazuki Yao, and Ai Kayano. The game's opening is composed by a previously unreleased alternate version of the original Xenosaga theme song, while its ending is sung by Ai Kayano. For this game, the North American version's intro theme is "Kimi No Uta" by Ai Kayano. The Japanese version's ending theme is "True Song" by Kenshi Kobayashi. Numerous different versions of the American release of Xenosaga Episode III exist. In one of these, the
