Feb 12, 2020. I have no idea if this is something that is hardcoded in the software or if it is a version problem. A: You should be able to find a software update for the 1260. I have no idea if this is something that is hardcoded in the software or if it is a version problem. It looks like the problem is that the same maps are being used for 1260 and 12320 and you need to use the 1260 version of the maps. (You can see which maps are available in the software by opening the Map Selector.) // Copyright (c) 2012, the Dart project authors. Please see the AUTHORS file // for details. All rights reserved.
