: We have uploaded another video and it's called, "Attacked again". It's a revamped version of the previous video that has been in the works for about a month. The new video features what we have been working on for months and months, the animations for the new teaser. (contains all the stuttering/lag/overlay in the video) We have also posted a new page on our website, which will be a permanent website for all of our news, announcements, and releases. We have posted a link to the new news/announcements page on our facebook page. Welcome to our portal to your head, the news is going to be epic! I have been playing around with this "wizardry" thing for awhile, and here it is. The beginning of our release. Stay tuned for more information, news, and updates! Thursday, December 17, 2011 What a weekend we had! We've released the second playable video of the game as well as a teaser video, thanks to an awesome group of people that have made all of this possible. Tonight
