Play Snake ScreenSaver on your Windows PC Snake ScreenSaver contains modern enhancements and improvements of the classic Snake Game. The UI, user controls, interface and other aspects are fully customizable. Play Snake Game in "endless" mode. This mode will continue to play the Snake Game as long as the "Settings" menu is left untouched. The mode can be reset from the main menu. Controls for this game are easy to understand. It's very easy to use. You can change the type of food, the speed of the snake, etc. There is a nice sound effect which will accompany you as you play the game. The screen will be updated automatically to the next screen you see. Various sound effects are included for various events in the game, such as food spawning or the snake eating the food. You can turn off the game sounds. The level of the screen is constantly changing while the game is running, but it does not slow down. The screen moves around, you can see different parts of the board, etc. It is possible to increase the size of the food, so the food will be bigger than the initial food. The screen will change to the next screen when it reaches the boundaries of the screen. There is a "Custom" button on the main menu. If you want to turn the game off and on while the game is running in
