When there's no 'Worst to First', there's no 'First to Worst'. Vince Fagnoli, the drummer for one of San Francisco's most popular progressive rock bands, MAIV, has been battling a chronic health issue for some time now. I will say that it's been very hard for me to watch him go through this ordeal, but I would be lying if I said that it wasn't like I could even pretend that he was 'healthy' anymore. If anyone has a serious medical condition, I can't even begin to imagine how bad that must be. Despite my obvious empathy, I still found myself having a hard time getting it through my

I'm looking for some shows that I saw on TV in the late eighties and early nineties that really spoke about how different our world was from the future that was portrayed in the show. I think it was a British show
