Bareilly Ki Barfi. Genre: Bollywood movies, comedy, melodrama. Quality: HD Year: 2017 Duration: 123 min. Description: This is a very popular movie that you can watch on our website. It was directed by Indian director Bareilly Ki Barfi. I have already seen two films with the participation of this singer, but this one exceeded all expectations. The plot is very original and unusual. The characters are very funny, especially when Bareilly Ki Barfi is on screen. The film is primarily about love, about forgiveness, about true friendship. I love such films. This movie is easy to understand. The cast is just great.
