A fascinating and entertaining space action game. Simple and clear control. Over 90 types of enemies and twelve types of weapons. 10 unique locations. 5. Publisher: First Games Interactive. Developer: Starbreeze Studios. Genre: Arcade (Shoot 'em up). Platform: PC. Release date: September 21, 2003 Rating: 5 (as good as one would expect from a game of this kind). The game world is not just a flat picture moving across the screen, as in comics and superhero movies. The world is something voluminous, having its own structure, and in order to understand it, it is necessary to understand it. What is a city? This is a huge number of buildings, streets, people and cars. What is a human?
