email As an ardent
atheist, I have never
believed in otherworldly
forces/ghosts/evil
spirits/evil ghosts, etc.

And yet, I find

unexplained mystical phenomena. In this file, for example, I've told about a few. And I'd like you to tell about your own similar occurrences, too!

What do you think about it, what do you think it might be? - I don't know,"

I said. He seemed to understand what the difficulties were that I had to overcome, and I could only guess that he would have been surprised if I had told him how difficult it was for me to decide to do this. He said: - I couldn't tell you the truth. I thought it would be better for you if you heard it from me. I was grateful to him. In

fact, I had no idea why he did it, and even though I didn't understand him, I was grateful that he did. I couldn't imagine what I would have done if I had been abandoned like that. - Thank you," I whispered.

- It's a pleasure. -

You're welcome. He stood behind me, and I felt his hands on my shoulders. They were warm and strong.

- So I'm going to go see what's going on in there.

You stay here. I nodded, and he walked out. I stood for a minute, listening to the sounds of the party. My father was playing the guitar, and apparently he wasn't ashamed anymore. I could almost feel myself

there in my chair. I could sit with him when he picked up his guitar and listen to their music, and I never felt safe. I knew that there was a part of me in my children, and I always knew that if I was a good mother, I could convince my children that I was good. But those pieces were deeply hidden. I wasn't a good mother and I didn't know what to do. I didn't know how to talk to them and listen to them when they started talking about their problems. I didn't know what to do when they asked for my advice. I never knew how to hold a conversation with them. I never knew

how to understand them, because they didn't act like normal people. I never knew how to love them. They were very strange. I didn't understand why they were acting like that. I was very confused being with them. I never knew what to say, but they kept talking to me anyway. I never knew how to behave with them. Once I tried to do like everyone else and support them. But it didn't it didn't work out. I just ruined their party. I couldn't to be like everyone else. I couldn't be like all the other kids who are loved and and accepted. I wasn't like

the rest of them. I
couldn't. And I was
scared. Scared that I
couldn't take it anymore.
No more not being able
to... upset them, I
couldn't pretend like
everything was okay
anymore. But I tried, but I
couldn't. So I ran away. I
ran away. From everything.
And now... I don't know
who I am. I don't know
what I am. I'm just
someone who's hurt and and
scared. And I'm so lonely.
- It happens," he said.
