In his first book since the New York Times bestseller Spies, The Professor takes us on a journey through Mossad’s alphabet, from agents A to Z, providing us with astonishing insights into the secret world of the world’s most feared and respected intelligence service. This eye-opening new book will take you inside the Mossad secret world of stealth, deception and espionage, from A to Z.” “I enjoyed reading Spies – The Professor really set me straight! His dedication and attention to detail is a breath of fresh air when compared to other books that detail the myriad ways in which the world of espionage can be dissected. I highly recommend this book to anyone who wishes to learn a little more about the shadowy
