HindiDadaKali is a puzzle game with all game play elements like adventure, puzzle and strategy. You are in a dungeon and you have a single life. The goal of the game is to get out alive by doing as much damage as possible. The enemies in the dungeon know how to attack, so it's up to you to see who comes out alive. It's a standalone game, with no walkthrough required, so if you want to play now, you can press the Start button and enjoy. As always, feel free to have fun and report any bugs you find. :) HindiDadaKali is a puzzle game with all game play elements like adventure, puzzle and strategy.
