A: You could use: awk -v RS="[]" -F, '{print \$(NF-2)}' file demo Q: Does "action" only mean "legal remedy" in English? To me, action means a defense or response in legal cases. In this sentence from Oxford English Dictionary, Protestants have been, as always, the most active church-goers in my country in recent years. (2012-06) The citation leads to a history of Protestant church-going in the country, but I don't think it makes sense to say "protestants have been...", because I think Protestants means members of Protestant denominations, and Protestant church-going usually means frequent church-going, not legal actions. A Dutch newspaper provides Protestanten zijn het liefst niet te vaak voor het kerkhof te gaan (2015-12-19) in the headline. It was an opinion expressed by the Editor-in-Chief. The plural of "Protestant" in Dutch is "Protestanten" (not "Protestants" as in English), so a Dutch translation of the whole article would be "Protestants are..." or "Protestants are the people who...". I guess, "Protestant" in the beginning of the sentence could be read as "Protestant" in the whole sentence. Am I right to think that "action" only means "legal remedy" in English? A: Yes, "action" means only "legal remedy". Sorry about the OP: I was able to infer that from the usage, but I'm not sure about the information from the link given in the OP. In that case, I would translate the headline in English like this: Protestants are not happy, as church-goers are the most active... The source is Die Nederlanden, which is a liberal Dutch newspaper. Since the OP didn't mention any context of the sentence or quote, I assumed the sentence is from an "opinion expressed by the Editor-in-Chief" and the quote is given for your own context. However, I think that's what the usage of "protestants" in the whole sentence is: the "protestants are the most active" part is the subject of the sentence
