Learn how to use Photoshop Elements in this article. You can find the key features of Photoshop in Appendix B. Learn how to work with layers in Photoshop. Adobe Photoshop Elements is the macOS, Windows, and Apple iPad/iPhone version. It is not the iOS version which is iOS Photoshop. How to Install Photoshop Elements Download the latest version of Photoshop Elements. Using the macOS Finder app navigate to /Applications/ and make sure that you are viewing the /Applications folder instead of the /Applications folder in Finder, otherwise you won't be able to find the Photoshop Elements executable file. After finding Photoshop Elements, you can double-click on it to open it in macOS Finder. Alternatively, you can drag the file to the Applications folder. Once downloaded, open the Photoshop Elements app using the desktop shortcut that you were directed to, or double-click on it to open it in macOS Finder. Step 1: Log In To log in to Photoshop Elements, open the Photoshop Elements app and click on "Sign In". You may be prompted to select a Photoshop account that you have already created. Once you have logged in, a new "Welcome" screen appears on the left side of the app. The first time you open the Photoshop Elements app, you will see the "Welcome" screen. Step 2: Manage Your Library The Manage Your Library screen is similar to that of Photoshop, except that it contains two tabs: Manage and Library. On the left side of the screen, click on the Manage tab to access your PSD file and select it from a drop-down list. By default, the Photoshop Elements app contains a library of PSD files that you have created with the app and from the cloud. To add a new library, you will need to access to the "+ New Library" option on the Manage tab. The "New Library" option lets you create a new library of PSD files from the cloud, so that you can store your files that you have created with Photoshop Elements on your computer. Step 3: Create a New Library When the "+ New Library" button is active, you can access the library that you have created by clicking on it, which opens up the Library window. You can add other files by selecting them from the drop-down list that appears at the top 05a79cecff

Q: Navigation in ListView takes longer to display in WinPhone I have a listView with a bunch of textviews in it. The problem is that it takes longer to display the text. I have tried to use the BindingContainer in the listview but that didn't work. A: I just made a quick test in Silverlight/WP7 and it seems the issue is in the Length of the itemssource. the ListView automatically scales the ListItems down. I was seeing the text now displayed in about ~250 pixels (2-3 minutes) now in the same test this time I'm seeing that it's about 10x faster. try putting a breakpoint into the getter of MyObjs and see how long it's taking to fill up that Object. Edit: see Alex's comment on the best practices in WP7 but that's outdated now i believe. Edit 2: public ObservableCollection MyObjs { get; set; } eBay's recent security breach and data loss It is that time again! Yes, once again I am here to post about a large corporation getting hacked. Yes, once again I am going to discuss how I learned about it a couple days before it was officially announced. And yes, once again I will go through the repercussions. I don't usually spread rumors until there is conclusive evidence to that effect. But when it comes to this particular story, I will be the first to spread the word. However, I don't want to be first to every story. So I will keep the information on this as straightforward as possible. The news broke, and several other sources broke down the basics of what happened:

The official website for Shueisha's BLEACH light novel series announced on Monday that a television anime adaptation of the series has been green-lit. The anime will be directed by Tatsuya Ishihara and air on Tokyo MX, BS11, Giza TV, and other channels. Ishihara also directed at Yu-Gi-Oh! The Movie and Trickster's Road. The series features character designs by Yoshino Aoki (Haikyu!!, Magia Record) and hA tsuya (Sword Art Online). The story of the series focuses on the Ryūgīrū, a race of humans from the future. Youhei Suzuki is writing the anime's scripts alongside Tokuma's Saikano and re:ZERO -Starting Life in Another World- director Tsuyoshi Yasuda. Maki Sagisaka is credited as the anime's chief animation director. Source: Animate Times  
The Royal Automobile Club of Southern Africa (RACSA) has lifted the roof off its brand new survey truck, known as the RACSA Camper, to reveal the unique cabin that will be used to survey the flora and fauna around Gauteng, Limpopo and Mpumalanga over the next two years. The RACSA Camper is the only survey vehicle to be equipped with heated seats. In addition, dual-zone air-conditioning, a refrigerator and several safety features make it a comfortable place to be, not only for the surveyors but also for the animals that will become familiar with the vehicle. The RACSA Camper will be used to survey the fauna and flora along the R534 road in Gauteng, the Limpopo section of the R917 road and the R562 road in Mpumalanga. The vehicle was launched on Wednesday after a successful three-day trial that included animal tracking, movements and the use of bait to assess the size and distribution of the fauna along the survey route. Working alongside experts from the Wildlife Research Institute, RTZ, KWIA, SANParks and the Department of Forestry, the Vehicle has already recorded more than 70 species of fauna and flora, including Mxenge, a carnivorous mammal which the RACSA Camper captured during the test run. "It was a beautiful day on which we launched the RACSA Camper. The first impressions are that this vehicle
