the current president of burundi, pierre nkurunziza, has used the environment and peace to consolidate his power. in 2015, nkurunziza ordered the arrest of dozens of opposition politicians and civil society leaders and ordered the seizure of media outlets critical of his policies. civil society in burundi has increasingly faced violence and harassment at the hands of government security forces and has also experienced increased restrictions on freedom of expression and assembly. the current president of rwanda, paul kagame, has been accused of using the environment to consolidate his power. in 2006, the government of rwanda arrested over 600 political opponents and civil society activists. in 2009, during the first round of the country's controversial 2007 general election, most of the country's major opposition parties were barred from

---

participating. in the aftermath of the 2007 election, the government led a campaign against the opposition by arresting and convicting several senior opposition figures and many other activists. several opposition leaders have also been denied political asylum. despite the fact that the government of egypt has taken a number of positive steps to improve the situation of the country's labour unions in recent years, it has taken very little action to implement the labour code adopted in 2001. the code has been widely criticized for its violations of workers' rights, including the lack of a minimum wage and a ban on the right of trade unions to strike. civil society organizations in egypt have been subjected to a series of government crackdowns. in 2013, the egyptian government arrested dozens of labour activists, including leaders of trade unions, for allegedly
